What are Longhorn Council's Events?

The Longhorn Council's program events are designed to help units make Scouting more fun for their youth. The events offer programs that are unique or are difficult for single units to put on, and are open to everyone, not just a single district. The goal is to offer units a menu of programs they can choose from to supplement their unit program and help keep Scouting FUN.

Most of the Longhorn Council's programs are Cub Scout events. The 25 Cub Scout events are family oriented programs designed to help Packs make Cub Scouting more fun for entire families and to encourage Cub Scout families, dens, and Packs to spend more time in the outdoors. The goal is to help keep Cub Scouting fun for boys so that fewer drop out before they transfer into Boy Scouts.

There are 7 Boy Scout and Venturing events throughout the program year, plus two Trout Tournaments. The programs offered are designed to give units fun choices to supplement their unit program as needed.

Mountain Bike & Hiking Trail Crews

Troops and Crews may also perform service by doing 8 hours of trail building, working on the 30 mile SR2 mountain bike and hiking trail project. A Trail Boss will teach proper erosion prevention and conservation techniques, and provide tools and supervision.
