

# Pre-Event Medical Screening Checklist 2020

Please review this form with your scouts and parents prior to the day your unit departs. The day of your departure complete this form with all scouts and parents present. It is imperative that this form be completed the day of your departure. If a scouts or adult arrives at camp with the symptoms listed on the Questionnaire they will be sent home immediately.

Prior to attending camp, we request that each unit leader review/ask the following questions with all of your unit adults and youth. We request that you do this prior to departing your home location.

## Assessing the Health Status of Your Unit/Campers: ask the following questions to every person in your unit:

- Has the participant had any of the following symptoms in the last 24 hours?
  - Fever. Feeling feverish or a measured temperature greater than or equal to 100.0 degrees Fahrenheit
  - Vomiting
  - Diarrhea

If the participant has fever, vomiting, OR diarrhea—he or she should stay home.

- Has the participant had any of the following new or worsening signs or symptoms of possible COVID-19 or other communicable disease in the last 24 hours?
  - Cough
  - Unexplained extreme fatigue or muscle aches
  - Chills
  - Repeated shaking with chills
  - Muscle pain
  - Sore throat
  - Loss of taste or smell
  - Known close contact with a person who is lab confirmed to have COVID-19?
  - Have you travelled internationally or to any location within the last 14 days to any location domestically that is a confirmed COVID-19 hotspot?

If the participant has any of these symptoms—he or she should stay home.

Participants who become ill should not return to the activity until they are cleared by a health-care provider.

Please assure the health and safety of all of our campers by assuring that only Scouts and leaders who are healthy come to our camps and events.
